Reshaping the Coordinator role

The feedback from congregations in the Network is that the paid position should continue with the primary responsibilities being focussed around pastoral support to Ministers and congregations, communication through the Bulletin and web site, and preparing for and following up our Network Gatherings.

Alongside this, the administrative functions around our common life together are a 'given' for the role – being first point of contact for the Network, managing the finances, organising events, and so on.

For further thought:

- The role of the Coordinator in the wider work of the Presbytery/Synod, eg Consultations and Committees, attendance at induction and commissioning services, participation in Mission Networks Day.
- Co-locating the Network office in one of our congregations.

If you'd like to comment on these, please email Bruce Ind bruceind@mac.com by Wednesday 8th October.

The Reference Group expects to advertise the role shortly.
